

PZ.024-1 LLDPE large flat seat

Designed for swings on public playgrounds.

The seat is made of LLDPE material using modern technology of rotational molding (rotomoulding). Thanks to this, it is resistant to weather conditions and UV radiation. Large size and low weight provide a lot of fun and safety for the user. Safety ensured by EPDM rubber bumpers around the perimeter of the seat. Seat colors: yellow, blue, red, green.

Technical data:

- length: 541 mm
- width: 358 mm
- height: 60 mm
- safety standard: EN-1176-2

Materials:

- LLDPE material, made in rotomoulding technology,
- the side bump is made of impact-absorbing EPDM rubber dyed in mass.
